Subject: Tau Beta Pi Computers
To: florez@us.ibm.com
Copies to: erfowler@speedy.eece.ksu.edu

I just wanted to touch base with you about the 6 computers for the Tau Beta Pi convention. If there are any unresolved issues remaining, please let me know right away.

On another note, the web sever you donated seems to be having trouble with the DIMM in it. Is there any way we could get a replacement for it? The computer is an Aptiva 216229R with one 32 MB DIMM.

Thank you again for all your help with the convention!
